

ResearchMonitor

**ONLINE RESOURCE
MANAGEMENT SOFTWARE**

Efficiently manage your
SUITE OF ONLINE RESOURCES

WHY RESEARCHMONITOR?

NEGOTIATE FAVORABLE CONTRACTS

Negotiate with information vendors armed with accurate unbiased usage statistics.

CANCEL UNDERUSED SUBSCRIPTIONS

Reduce costs by terminating unutilized resources.

IMPROVE ACCESS TO INFORMATION

Reduce barriers to information access through smart account and password management.

JUSTIFY DEPARTMENTAL BUDGETS

Prove departmental value through targeted resource usage management reports.

FACILITATE AND PROMOTE MOBILE RESEARCH

Improve access to online resources for mobile users, in combination with delivering a custom firm branded library app.

CONTROL EXCESSIVE RESEARCH SPEND

Implement cross vendor controls limiting access to costly excluded content.

ACTIVELY CHANNEL RESEARCH BEHAVIOUR

Direct researchers to preferred information providers based on search type and long term single provider strategy.

PASS COSTS ON TO CLIENTS

Support cost recovery bill back practices through client code validation and cost assignment.

DETERMINE ROI OF INTRANET INVESTMENT

Identify effectiveness of intranet design through usage behaviour analysis targeting areas for future development.

IMPROVE MANAGEMENT OF CONTRACT DETAILS

Gain quick access to all your contract details and ensure you never miss a renewal.
